The Cozy Way to Save

IT'S ALL ABOUT FAMILY

Break away from the ringing insistence of today's technology and rediscover your family and friends with laughter, campfire storytelling, and the decadent flavors you can only get from cooking over an open flame. Heritage Hearth steel firepits and grilling accessories provide just the right framework.

Every firepit has been innovatively designed to incorporate heat consistency, safety features, and simplicity of use. A Heritage Hearth firepit offers rugged resistance to the seasonal elements, ensuring heirloom durability while helping you create life's richest moments with ease.

The HERITAGE HEARTH is designed to provide not only a campfire and a great cooking grill, but also safety and convenience never before available. Enjoying your fire is now as easy as watching TV. And when you're ready to leave it, just put on the lid. No smoke, no fire or sparks to worry about, no rain in the ashes, and no wet wood to make your next fire hard to start.

All units are brick lined and include lids.
